**HSUHK management visits new Shenzhen University of Advanced Technology for collaborations**

A senior management delegation from The Hang Seng University of Hong Kong (HSUHK), led by President Simon S M Ho, has visited the Shenzhen University of Advanced Technology (SUAT) to explore collaboration opportunities between the two institutions recently. The HSUHK delegation is the first university from Hong Kong that has made an official visit to the newly established SUAT campus in Guangming, Shenzhen. The delegation was received by Professor Zhao Wei, Vice-Director of the Organising Office, and other senior leaders of SUAT.

Co-founded by the Chinese Academy of Science and the Shenzhen Municipal Government, SUAT was officially established in May 2024 with the aim to become a world-class research-oriented science and technology university. The highest-achieving students from the Joint Entrance Examination for Universities will begin their educational journeys in August 2024 as the University's first cohort.

SUAT is interested in learning more about HSUHK's known unique "Liberal + Professional" educational model and see how to give its students more exposure to liberal arts and holistic development. With a shared educational mission to nurture young professionals with transdisciplinary learning experiences, HSUHK and SUAT have agreed to leverage each other's strengths and resources to create the best synergies. Collaboration ideas include promoting cross-border student entrepreneurship, developing a science education unit at HSUHK, and establishing an academic platform to promote technology and business management.

### **About The Hang Seng University of Hong Kong**

The Hang Seng University of Hong Kong (HSUHK) is a non-profit private liberal-arts oriented university with five Schools (Business, Communication, Decision Sciences, Humanities and Social Science, and Translation and Foreign Languages) and over 6,000 full-time undergraduate and postgraduate students. Adopting a unique “Liberal + Professional” education model, HSUHK nurtures students with critical thinking, innovative minds, caring attitudes, moral values and social responsibility.

Aspiring to be a leading private university in the region, HSUHK features quality undergraduate education programmes, quality faculty members, award-winning green campus facilities, innovative degree programmes, a unique residential college system which combines living and learning, interactive small class teaching, close student-teacher relationships, RGC-funded impactful research, and excellent student development/support services. HSUHK was listed 7th (overall) in the ASEAN+ region, 1st in the Greater China region, and 1st in Employability in the 2023 AppliedHE ASEAN+ private university assessment by Singapore-based AppliedHE. It was also listed among the top 200 worldwide universities for “Quality Education” and “Decent Work and Economic Growth” in the Times Higher Education University Impact Rankings 2021.
